

# Standard Boats

This new inboard company introduces a budget-priced boat.

If you're in the market for a budget-conscious craft, you might want to check out Standard Boat Co. With a base MSRP just under \$30,000, Standard promises to provide everything you need and nothing you don't in a high-performance tow boat. Developed by Philip Shearer of Pure Sports Inc. in Mount Dora, Florida, this classically designed multipurpose boat is built by hand in their small factory. With standard features like the Merc SmartCraft monitor all-in-one display, bolstered driver's seat, tower or ski pylon and options such as GPS speed control, auxiliary ballast and Sony/Kicker marine stereo, for the price, you're sure to be pleased with your new water toy.

## Grindwater Sports Giveaway

**W**in a Darin Shapiro-designed and signed Shaka wakesurf board by Grindwater Sports (a \$530 value). The board is light and aggressive for rail-to-rail carving. Smooth, easy and fast, the Shaka is tons of fun for the high-level rider, while the fly rail and tail design helps even beginners stay up on the wake more easily than heavier molded boards. At 62 inches long and 19.5 inches wide, this sweet-looking and riding board was designed with everyone in mind. Enter to win at [waterskimag.com/contests](http://waterskimag.com/contests).

To watch Shaka riding footage, check out [waterskimag.com/shaka](http://waterskimag.com/shaka).
